

Minutes of the Meeting of Kirton in Lindsey Town Council held on Wednesday 25th July 2018 at the Town Hall, High Street, Kirton in Lindsey at 7pm.

Members present: Cllr Joy Kofoed (Chair), Cllr Geoff Cossey, Cllr Maggie Davies, Cllr Pat Frankish, Cllr David Garritt, Cllr Karen Gunn, Cllr Tony Kidder, Cllr Paul Kelly, Cllr Andrew Kofoed and Cllr Jack Startin

Also Present: 3 members of the public (part); Town Clerk: Neil Taylor-Matson

Prior to the meeting, prayers were led by Cllr Pat Frankish

Public Participation:

Matt Carne introduced himself as the store manager at Station Road Co-Op and explained that the store is keen to offer support to the community, noting that the store website champions the work that they are already doing within the community. The store is keen for ideas for fund raising for the good of the community and happy to support the Town Council where they can. Mr Carne further explained that funds raised at the Gala were for the Music Dancing Feet Partnership and a current project is to raise funds for a buffet at the poppy cascade event on 17th October. Cllr Cossey asked Mr Carne if he would be able to assist the work of the council trying to get a footpath put into place between East Dale Drive and the Co-op by creating a pedestrian walkway within the rear car park. Mr Carne is happy to liaise further with Cllr Garritt about what can be done.

e. Grass maintenance. NLC to contact the Clerk with further information about the proposed scheme for the Town Council to take on all maintenance within the town.

ACTION: Town Clerk

f. Town Gateway signs and Historic Market Town Sign. The new gateway signs have arrived at NLC and are awaiting installation schedules for over the summer. NLC noted that the Town Council would need to apply for Historic Market Town signage.

ACTION: Town Clerk

g. Parish Paths Partnership. Dave Sanderson discussed the cutting of paths late last week and noted that the schedules need amending to improve the works. Lesley Potts was not at the meeting to update about the promotional leaflet.

h. Spatial planning. NLC reported that there was too much data to collate the information about Kirton in Lindsey but the information will be provided in due course.

Cllr Startin raised the following queries;

- Empty retail spaces – are empty domestic spaces also under review as NLC can take action.
- ACTION: Town Clerk**
- Data loops – will the information show the flow of traffic from both directions? Cllr Cossey noted that the Town Council should insist on data from both the abortive April collections as well as the July collection.
- ACTION: Town Clerk**
- KLASSIC funding – Cllr Startin noted that there are funding issues for the new facility at KLASSIC with Sport England turning down the initial grant application.
- Gateway Signs – Cllr Startin has identified potential locations for repositioning the gateway sign on South Cliff Road.
- ACTION: Town Clerk**
- Implementation of a road between Station Rd and Ings Rd – Cllr Startin suggested that options for an additional road between Station Road and North Cliff Road should be considered.

Section 106 Agreement – Allotments. The Council considered the paperwork from Richard Drabble and had no further amendments to make on the agreement.

MOD Land – the MOD sale of RAF Scampton was noted for its impact on Kirton in Lindsey with the officers mess building noted as potentially a very good community space. It was noted that at the Regeneration Meeting, Cllr Rob Waltham had stated that reservation of the land for the good of Lincolnshire as a whole was ongoing.

RESOLUTION: That a follow up letter is sent to the MOD about the sale of the gym building and sports field to the Town Council for community use.

ACTION: Town Clerk

RESOLUTION: That a letter is sent to Nic Dakin MP requesting assistance on the issue.

**Wednesday 26th September 2018 at 7pm
in the Town Hall, High Street, Kirton in Lindsey**

The meeting closed at 9:45pm.

Hello, my name is Nicolien Lawson and today I stand here in front of you as the vice chair of governors at Kirton Lindsey Primary school to give you an update about what's been going on at the school.

I probably don't have to give you much of an introduction but just for those who don't know. We currently have 228 children on roll and we have ten teaching staff. Our motto is 'Where young minds shine' and we have four aspirational pillars that underpin that motto, which includes

- Spotting and nurturing individuality and talent
- Maximising the use of our resources to support the development of articulate, confident children, who have a thirst for learning
- As a school, exceed national expectations
- Make sure every child is taught by consistently good teaching staff

This year, we continued to focus on the main core subjects: maths, reading and writing. For that reason, a new type of learning walk were conducted throughout the year and included reviews of how these subjects were taught in all years, whether teachers had appropriate resources and whether children were engaged and challenged in the subject matter. In recent years, we have formed close ties with schools similar to ours in the local area, including Brigg and Messingham and during each of these subject reviews, the Head Teachers of both those schools participated as well as our own Head, Mrs Randall, the subject leaders and various governors. An external School Improvement Partner has also been present. Feedback from these external educators concluded that there is consistently good teaching in the school. Our children are always commended for the exemplary behaviour in school and this is having a good impact on their learning. We have had a big push on reading in the school, and with the introduction of the STAR reading scheme a few years ago, now 85% of our children read at least three times a week at home, up from 64% in 2016.

Another main priority for us this year was to develop a school culture that promotes positive mental health for staff and pupils. We invested in a new PHSE programme called Jigsaw, which brings together Personal, Social, Health and Economic education, emotional literacy, social skills and spiritual development in a one lesson-a-week programme. Jigsaw aims to help children know and value who they really are and how they relate to other people in this ever-changing world. It builds skills essential for life and relationships, equips them for a diverse world and aims to give them resilience and inner strength. We are proud to say that at Kirton Lindsey Primary, we don't prepare children for tests, we help to prepare them for life and the challenges it may throw at them.

In addition to classroom learning, we also recognise that physical education and exercise is incredibly important and we have created tons of activities and opportunities this year.

In February, we had a school track marked out on the playground, which is just short of 200m long and this was fully funded by the Friends of Kirton Lindsey Primary School, our parents association. Children and staff have made good use of it by taking up the class track challenge and run or walk the 200m every day. All our children participated in our first Race for Life and also in the various house sports and competitive sports competitions throughout the year. We have seen the launch of a new school hockey club as well as new family fitness and family Olympics classes outside of school. Of course, we were also involved in competitions with other schools including cross country, dodgeball, tag rugby, athletics, multi-sports.

All this hard work paid off and this month, we found out that we were awarded the School Games Silver Mark Award, which is a government led award scheme that rewards schools for their commitment to the development of competition across their school and into the community.

We continue to invest in the school and this summer will see our outdoor space being regenerated with the addition of a new trim trail as well as an outdoor classroom/picnic area and a tarmac track around the outside of the field to extend the playground track.

Finally, I wanted to give you a quick update on the school roll, I know some of you will have heard this in the Kirton Regeneration meeting already.

For this school year just gone, we were predicted to have 208 children at our school, but we ended up 228 - a difference of more than 10%. The local authority is expecting a birth rate dip in Kirton and the surrounding catchment area - though our own prediction in the next two years see no real change. Kirton is a popular area for families to move into and for that reason, we have seen a steady stream each term, so governors and senior leaders at the school are expecting the numbers to rise. These numbers are not taking into account any of the new housing developments which we have been granted planning permission. In the next few years, 500 new houses will be built in Kirton. The local authority uses a 20% yield number in terms of primary school places needed, so with 500 houses that means we need to be able to accommodate 100 new school places in the next few years.

Currently we have 9 classes and no spare classroom. Two classrooms can only accommodate up to 20 pupils due to their size. If the roll expanded beyond current numbers, we would have to look at extending the school accommodation in terms of classrooms, toilets and group learning spaces. Also, we would begin to struggle in the winter months when we can't use the field, to have the whole school on the playground together at lunch time unless we extended this too. At the moment, we already split break times for this reason.

Governors also raised concerns about the release of the Section 106 money which is paid by developers to North Lincs Council and which has been allocated specifically to our school to improve the infrastructure. Planning documentation showed that this money is not released until a third of the houses on each development have residents in them. With aforementioned space struggles, this would leave us unable to accommodate the new children moving into these properties.

At the previous Kirton Regeneration meeting in May, Sandra Burniston, Access Manager for Capital, Building and Visits at North Lincs Council, came to discuss the aforementioned concerns. She confirmed that the primary school is looking close to full - they continue to monitor our school roll on an annual basis and there were no immediate plans to address this as of yet. Both herself and Rob Waltham did however confirm that should the school need to be extended before the Section 106 money is released, then North Lincs Council have a duty to provide these school places and would be paying for the associated costs. I have since been in touch with Sandra and she has agreed to visit the full governor board early September to discuss the latest numbers, and the process in terms of extending the school, should it come to that. It does remain a concern which we will continue to highlight.

I hope this has given you a good overview of what we are doing at the primary school but I'd be happy to answer any questions you may have. The Town Clerk and I have discussed about me coming to give you an update around the end of every term so if that's something you think is useful, I'd be happy to do so and I hope this is the start of redeveloping the relationship between the primary school and the town council.

Thank you.
