The large slide had loose rivets once again. Cllr Kitchen volunteered to fix the large slide the following day.

Cllr Startin reported that he had not been able to talk to the appropriate officer at NLC about the community asset transfer as yet but he would be writing a letter shortly.

FGP14/68 To receive the Cemetery report and approve any actions

There had been two interments of cremated remains. The Clerk had been to inspect the cemetery recently and the damage from the moles had been repaired and the cemetery looked in good order.

FGP14/69 To discuss the Brown's Holt Wind Farm Application

Three councillors had attended the consultation evening. There will be a minimal impact on Kirton, but the wind farm may be visible from the top of the Ridge. There is grant funding available from the developers which Kirton might be able to access.

The committee discussed whether they were opposed to the development or whether they were in favour. It was noted that no Kirton residents had contacted the council to express opposition to the development.

It was **resolved** that having attended the consultation meeting the council felt that their responsibility was to their town and as there had been no opposition from Kirton residents they felt unable to support any opposition campaign.
