It was explained the colours were chosen to make a difference from previous years and that residents ideas and joining in with the In Bloom decisions is always welcomed.

The resident also asked why the grass cutting efforts have been so poor since the Town Council took over the contract from North Lincolnshire Council. It was explained that specific areas of the grass verges were taken on by the Town Council in agreement with North Lincolnshire Council and that there remained areas of discrepancy which North Lincolnshire Council were no longer cutting but which were not amongst the specific areas devolved to the Town Council.
