PK2412/07 Open Spaces

a. There was no representative from In Bloom at the meeting, however a request was received about locations for planting daffodil bulbs next to the silver railings that enclose the park on the Green and potentially around bus shelters and street name signs where possible. This was considered by the Committee noting that the area next to the silver railings is treated to prevent growth around the railings and there was concern that planting around street name signs would create maintenance issues into the summer. The Committee discussed the proposal for replacing the planters in the Market Place with more modern self-watering planters.

RESOLUTION: *That the idea is appreciated but it is recommended that planting in the borders around the cemetery edges would work better.* **ACTION: Town Clerk**
RESOLUTION: *That it should be made clear that any replacement of the planters would be a Town Council decision as the current planters are owned by the Town Council.* **ACTION: Town Clerk**
